**RECOMMENDED:** The use of chest protection is recommended for all types and ages of kart drivers.

### 302.15 Practice:

Drivers will practice with their class. If a driver practices with another class without USPKS approval they will be penalized. Testing Monday thru Thursday the week of the event will not be permitted at the track at which the event will be held. Anyone violating this rule will not be allowed to practice on Friday. Furthermore, they must participate in qualifying on Saturday and Sunday and start at the back of both of the heat races or pre final on both days. Starting position for the finals will be based on the accumulated points they received from the heat races or pre final. Anything outside of a concession rental kart is not allowed.

**\*\* USPKS tracks may have practice on Thursday afternoon, please check USPKS website and Timeline for more information.**

### 302.36 Data Acquisition:

Data acquisition systems can be used to retrieve any of the following: RPM, lap times, head temperature, exhaust temperature, water temperature, speed, pedal location, **brake/master cylinder pressure**, GPS tracking or computer scoring. Any telemetry, other sensors or inputs shall be removed or disconnected while kart is on track during official practice or race days. Data downloading can only be done in the pit area. Only one beacon for each type of system is allowed on the track and will be placed at the USPKS approved location. GPS systems are legal.
